Mr. Kolwicz,

We responded to your CORA request of September 30, 2011. Following that, we answered questions regarding the response to your CORA request. Furthermore, in the December 21, 2011 e-mail we provided the legal citations that guided our response. You have now asked me to provide further, detailed explanations and illustrations regarding our response. The Open Records Act does not require me to respond to your continuing questions. We have fulfilled your September 30, 2011 request and our business is now complete.

Sincerely,

Shelley Bailey
Assistant County Attorney
Boulder County
